

~ 2008 Driver of the Year ~

Austin Elliott

Nor Cal International Karting Federation Award

This past weekend we attended the IKF Awards ceremony in Santa Clara, CA. Austin received the anticipated awards for Top 3 and Top 4 for the 2008 racing season. What we didn't expect was the additional award presented to him by the Race Director of the program.

Announcing to the group that this next driver's talents and abilities went further than the racing he does on the track...that he is recognized as being a good role model, great personality, a helper to others at the track and an all around great young man, the race director called AUSTIN ELLIOTT up to the podium to receive this very special award.

We were pleasantly surprised and honored.
