2010 NorcalKarters.com Jr. 2 Number One

Every Year NorcalKarters.com compiles all the stats from Club Races and Regional programs from the Norcal and western Reno Kart tracks and uses a mathematical process to find the Areas top ranked Drivers. The points are determined on the number of Karts in the class, for example: in a 10 kart field the winner would receive ten points; the driver finishing last would receive 1 point. For Gold Rush, IKF Region 11, Rotax and Pro Kart races the drivers will receive double points for the higher level of competition, for example: if there are 10 karts in the class, the winner would receive 20 points, while the driver finishing last would receive 2 points. In order to qualify for the top ten, drivers must have competed in 8 or more races before the drop, some classes will be based on a wave. The points from each race would be compiled together minus the dropped races for low finishes, then the total would get divided by the number of races run, finding the average points score for the driver. This particular method rewards the driver scoring good finishes against tough fields with high kart counts.

Jr 2 division saw Austin Elliott on top of the rankings. With two big championships to his credit, his consistency of good finishes without any DNF's hardly, showed the team of Wesley Boswell and Austin the perfect #1 in the rankings. Sonny Cervelli and Jarred Campbell will have quite the dogfight in Jr 2 in 2011 with both finishing in the top three of the rankings.

2010 NorcalKarters.com #1 Ranked Jr. 2 Driver Austin Elliott

Previous #1 Jr 2 Driver:
2009 NorcalKarters.com #1 Ranked Jr 2 Driver Luis Tyrrell
2008 NorcalKarters.com #1 Ranked Jr 2 Driver Brenden Phinny
2007 NorcalKarters.com #1 Ranked Jr 2 Driver David Vasquez
